

## **COMMENT CARDS Policy**

The Roscommon Area District Library is a public library, and as such input from our patrons is vitally important to us. Please feel free to contact us at any time about any issue you want to raise.

Comment cards are also available at the main library and the Lyon Twp. Branch and the public is always welcome at the monthly meeting of our Library Board of Trustees. (See the calendar for meeting dates.)

Optionally, you may use the comment cards at the library desk. If you would like a response from the library, please include a way we can reach you. Otherwise, you may choose for your communication to be anonymous.

The comments you leave on this web page will reach all library staff, as well as our Board of Trustees. If you just need to contact an individual staff member, please see our staff Director.
